

This technical drawing shows a cross-sectional view of a mechanical assembly. A central shaft (16) passes through a housing (11). The assembly includes several internal components: a seal or gasket (2) on the top housing, a seal or gasket (3) on the bottom housing, and a central component (4) with a flange (5) and a shaft (6). The shaft (16) is supported by bearings (10, 11) and has a seal (12) at the top and a seal (13) at the bottom. The housing (11) has a flange (14) and a seal (15) at the bottom. The drawing is labeled with numbers 1 through 16 and 15, indicating different parts of the assembly.
